

Coding in Magento Since 2008

At Polcode, our mission is to empower your business with cutting-edge e-commerce solutions. By partnering with us, you gain:

- ✓ **Expertise and Experience:** With over 18 years in the industry, we bring unparalleled knowledge in Magento and other technologies.
- ✓ **Custom Solutions:** Tailored to meet your unique business needs, ensuring scalability and performance.
- ✓ **Dedicated Team:** Access to 20+ mid-to-senior level Magento developers committed to your success.
- ✓ **Proven Track Record:** A 99% job success rate on Upwork and recognition as a Top Magento Company and Top E-Commerce Developer by Clutch.

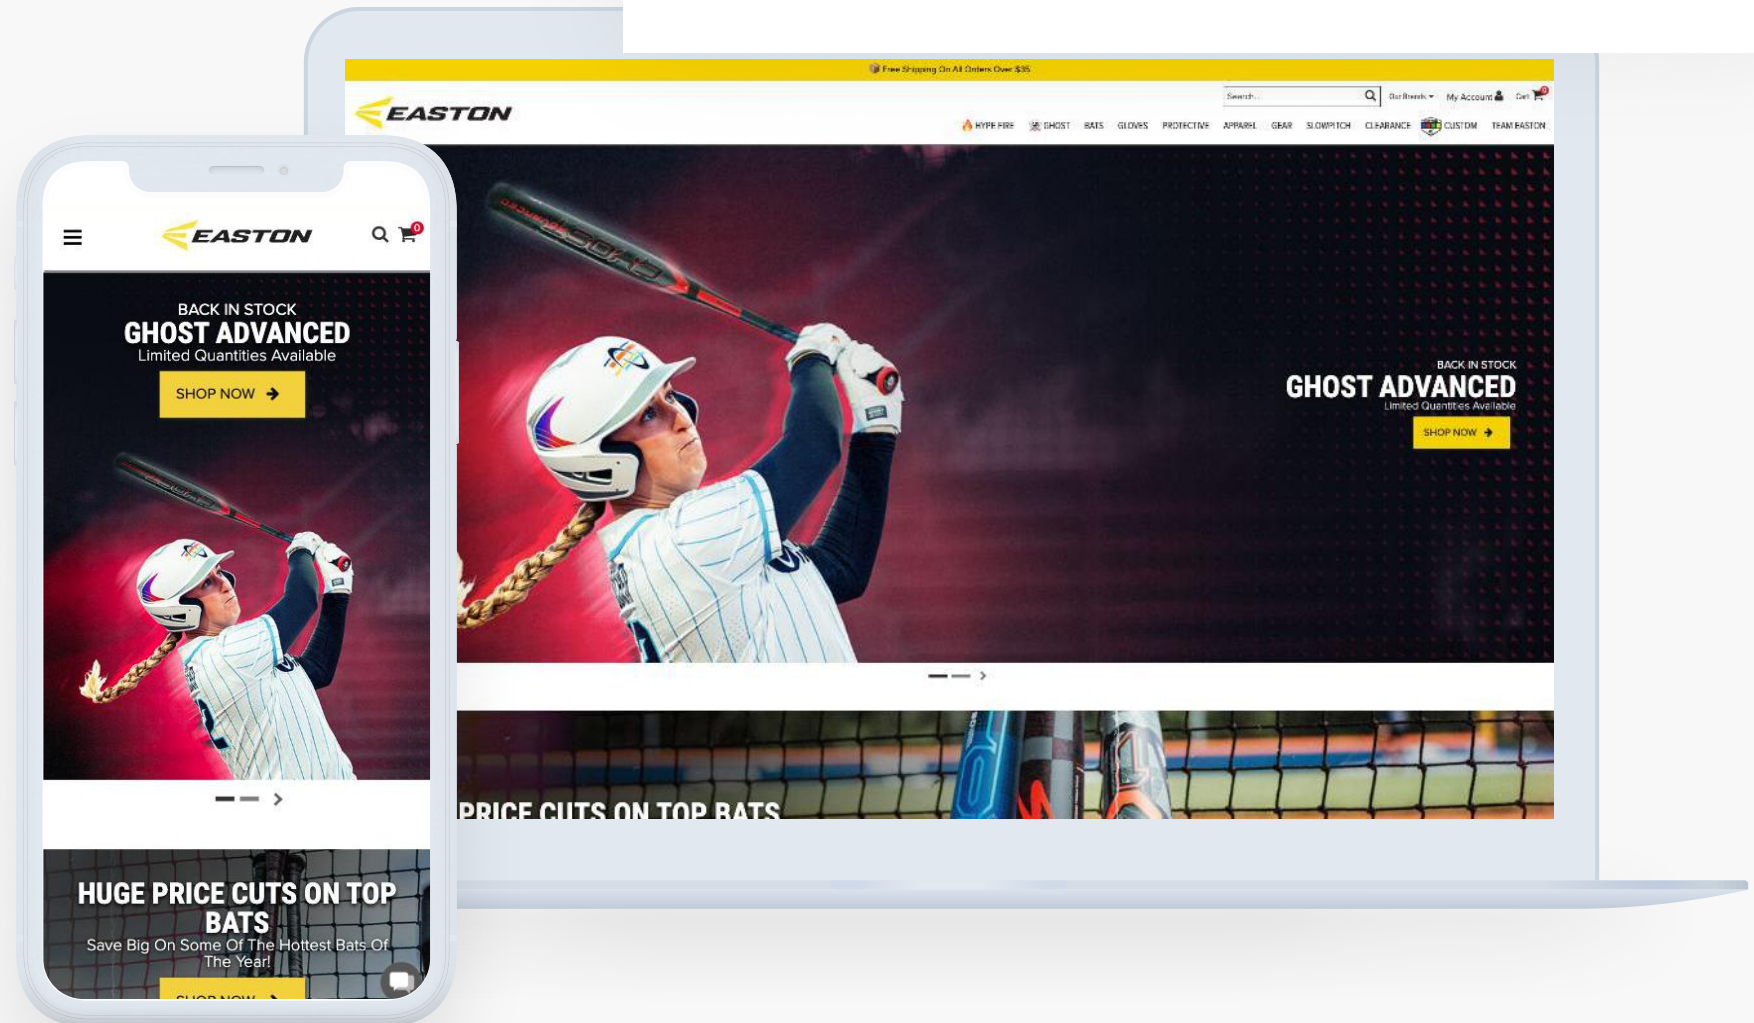

Easton e-commerce shops and customized websites.

Polcode delivered large-scale e-commerce storefront, backend, and frontend development with multiple integrations and module development.

KEY DELIVERABLES

- ✓ Fully customized and responsive webstore.
- ✓ User-friendly admin panel.
- ✓ YouTube integrations, customer review modules and related product displays.

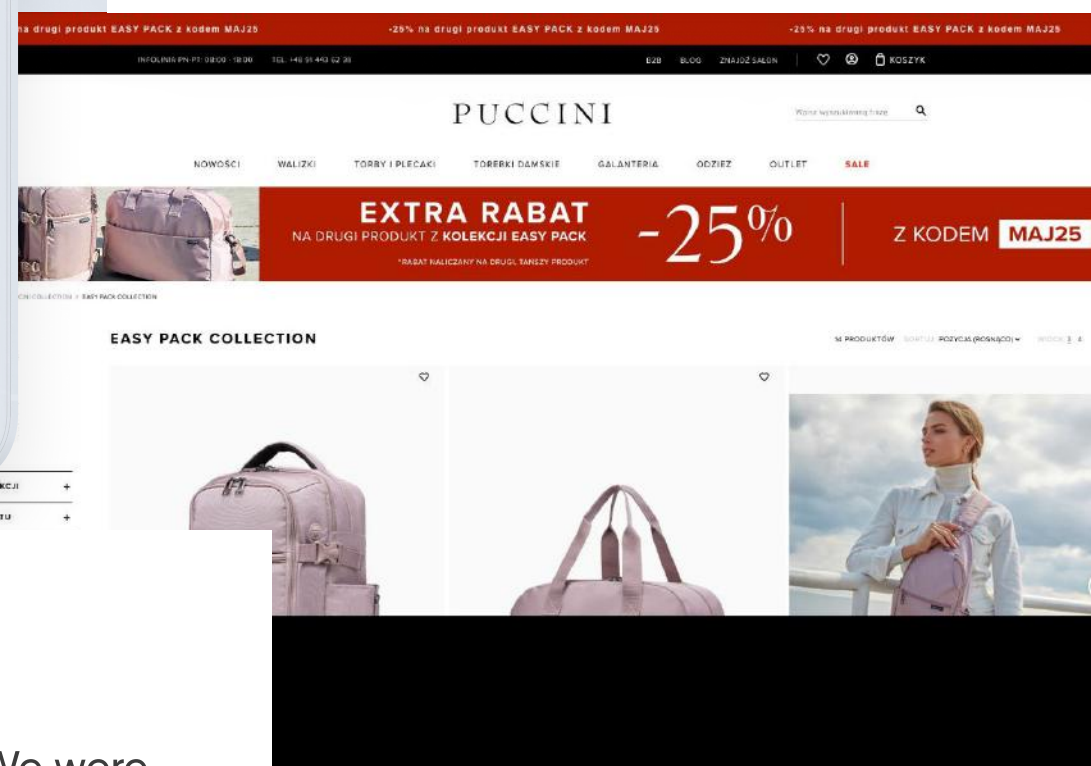

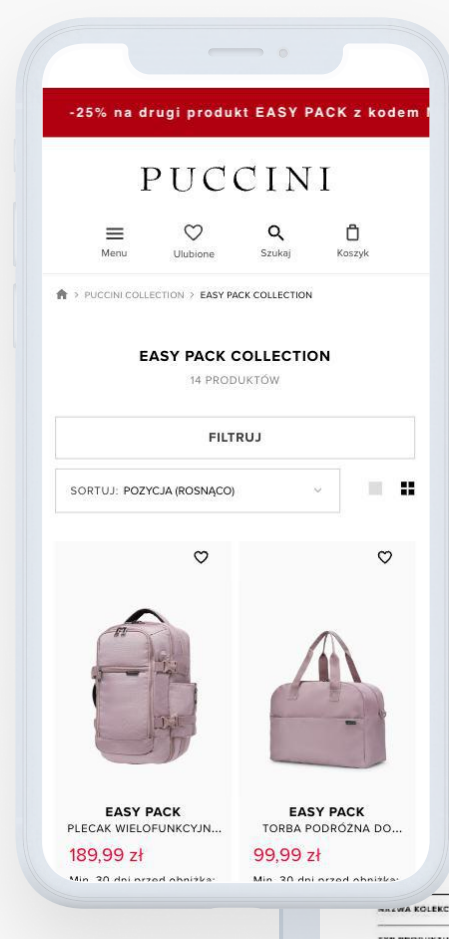

PUCCINI

Bespoke Polish manufacturing brand Puccini renews online trust with Polcode's e-commerce development.

Polcode has served as Puccini's professional developer team, transforming their online presence with modern technologies that enable intuitive global ordering systems and increased sales & conversions—all within a visually appealing shopping interface.

KEY DELIVERABLES

- ✓ Update of the the e-commerce website's business logic.
- ✓ Deployment of several completely new e-commerce features.
- ✓ Improved site performance and page loading speed.
- ✓ Revamped visual design and better checkout experience.

It was not a coincidence that we chose Polcode as our technology partner. We were looking for a reliable, timely, and trusted eCommerce development firm that would take over the maintenance and development of our online store. Their reputation among our friends from the IT industry led us to work with them. We rank Polcode's work very highly, and ultimately chose to continue working with them over the last three years.

Jacek Przybył IT Development Expert at Puccini

German-based digital marketing agency

Polcode offers total developer control and transparency to a German-based digital marketing agency.

A small, effective digital agency leveraged Polcode's remote developers to provide IT services, web development, and marketing consulting products to their B2C and B2B clients in DACH regions.

BUSINESS BENEFITS

- ✓ Faster time-to-market with Polcode's on-demand developer services.
- ✓ Polcode's developers easily integrate with in-house teams.
- ✓ We believe in clear, two-way communication between developer teams on a near-daily basis.

When we encounter challenging software issues, Polcode clearly points them out, applies fixes, and the matter is done. If things are not clear, Polcode asks good questions, we answer them, and the issue gets resolved. Polcoders seem to have fun doing their job. It makes it fun to work together, and that's our aim.

Martin CEO of German-based Digital Marketing Agency

PETER CHRISTIAN

Polcode provides seamless e-commerce solutions and expert support.

Polcode developed an e-commerce platform using Magento 1 and supported the store during the transition to Magento 2. Store runs in two versions: one dedicated to the United States and one for the United Kingdom.

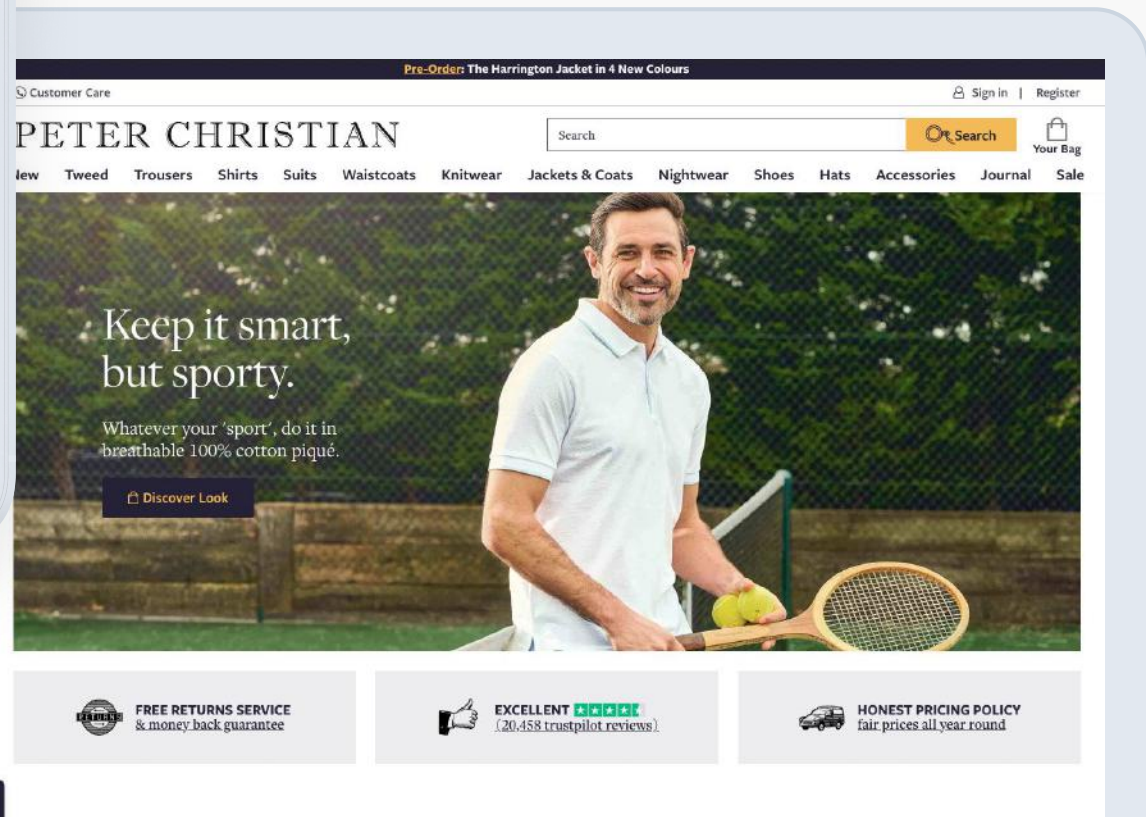

KEY DELIVERABLES

- ✓ Migration from Magento 1 to Magento 2.
- ✓ New core features introduced to the e-commerce platform.
- ✓ Productivity and timeliness.
- ✓ Reduction of time spent and cost.
- ✓ Skilled developer talent nearby.

It's hard to find strong Magento developers as a smaller company, so Polcode's skill set has been valuable to us. We were worried about a possible language barrier, but their English is excellent. Their team is quick to solve any issues we express—they've been a reliable partner.

David Boyce IT Director at Peter Christian

Our Services
